

EfficientRx™ Drug Locator/Search

Please use the following mechanism for members to check the generic/formulary/non-formulary status of their medications.

Visit www.myprime.com to find your medications, identify preferred status, or gather information on therapeutic alternatives. This method will provide the easiest, fastest, and most complete review of your medications.

1. Go to www.myprime.com
2. Click the “Find Drugs and Estimates Tab.”
3. Select BCBS of Montana from the menu.
4. Select “no” when asked if you are a Medicare Part D member.
5. Select “BCBS MT EfficientRx Drug Formulary” from the menu.
6. Enter your medication or use the alphabetical search option.
7. Enter your dose and usual quantity per month.
8. Click the continue button.

Drug pricing, formulary status, and therapeutic alternatives will be displayed along with pricing information. These prices do not reflect your benefit plan, but would be a typical discounted cash price.
